Subject: CES: Bulking Operation (Draft Plan)
Date: Friday, March 06, 2015 1:21:21 PM

All:

This is what we discussed about the bulking of the remaining items. There are some questions. We need to move forward with the bulking including the acids that do not have the possibility of bulk shipments in tankers. Beth, we need your help on this. Please see the list below.

Thanks

Gary Moore
